RE: California Eligibility and Filing Requirements for Surplus Line Insurers

Attached is the 2009 eligibility and filing guide (Guide) issued by the California Department of Insurance (CDI). This Guide is for non-admitted insurer(s) who wishes to operate or continues to operate as an approved surplus line carrier(s) in California. The requirements in the Guide are in accordance with California Insurance Code Section 1765.1.

There are no other major changes to the filing requirements for year 2009, except under section A, item 1 of the Guide that notes the special requirement for pooled companies' annual statement filing made during the year 2009. According to the NAIC, an insurer who participates in an intercompany pooling arrangement where the lead company takes 100% of the pooled business and the insurer has 0% share of the pool, the insurer is required to submit a pooled Statement of Actuarial Opinion.

The Guide is also available on the SLA website http://www.slacal.org/carrier_info/cr_eligibility.html. Please remember that all documents and fees must be submitted to the CDI at the following address: Accounting Services Bureau, State of California Department of Insurance, 300 Capitol Mall, Sacramento, CA 95814.

If you have any questions, please call me or Patrice Kwang at (415) 434-4900, or the CDI Licensing Background Bureau at (916) 492-3042.

CALIFORNIA ELIGIBILITY AND FILING REQUIREMENTS FOR SURPLUS LINE INSURERS

Following the enactment of California Insurance Code ("CIC") §1765.1 (Senate Bill 959), effective January 1, 1995, the Insurance Commissioner must approve a nonadmitted insurer before it is eligible for surplus line placement in California. The approval process requires the nonadmitted insurer to establish its financial stability, reputation, and integrity by providing satisfactory evidence (including the submission of certain required documents) to the California Department of Insurance ("CDI") through a surplus line broker. Once the CDI determines that a nonadmitted insurer has met California's eligibility standards, the insurer is added to the List of Eligible Surplus Line Insurers ("LESLI"). Surplus line brokers may only make placements with nonadmitted insurers that appear on the LESLI, unless the placement qualifies under the GAP provisions of CIC §1765.1(k) (GAP filings have their own requirements and are not addressed in this document). To ensure continued compliance, a LESLI listed company is required to renew its eligibility status annually and provide the CDI with the most recent or amended financial documents pursuant to CIC §1765.1.

This document (the "Guide") summarizes the eligibility and filing requirements for nonadmitted insurers wishing to operate or be approved to operate as surplus line carriers in California. The Guide is intended to assist those who prepare regulatory filings for nonadmitted insurers. It is not all inclusive and does not supersede the actual language of the California surplus line laws and regulations, specifically CIC §1765.1 and sections 2174.1-.4 of Title 10 California Code of Regulation ("CCR"). The Guide is divided into the following sections:

I. Eligibility Requirements

To be considered for placement on the LESLI, a nonadmitted insurer must make an initial application to the CDI and submit all the documents specified under CIC §1765.1(c) and (d), along with the appropriate filing fee. The required documents and applicable filing fee are detailed in Sections II and VII of this Guide, respectively. The documents filed in the initial application must demonstrate that the insurer meets the following standards:

- A. That the insurer has established its **financial stability**, **reputation**, **and integrity** for the class of insurance it proposes to place with California surplus line brokers {CIC §1765.1(a)(1)}.
- B. That the insurer must have and will maintain a minimum of \$15 million in capital and surplus at all times. It must also have \$15 million in assets acceptable under the California Insurance Code {CIC §1765.1(a)(2)(A)}. Acceptable assets, as defined in Sections 1170 to 1182, comprise essentially of cash and marketable securities; letters of credit are deemed unacceptable.
- C. That the insurer has actively **transacted insurance for at least three years** immediately prior to its application for surplus line eligibility {CIC §1765.1(e)(3)}.
- D. Alien insurers must have established an irrevocable **U.S. trust account** consisting of cash and marketable securities of no less than \$5.4 million at all times with a U.S. Federal Reserve System member bank. Letters of credit may be used to fund the trust account, provided they are issued by a qualified U.S. financial institution {CIC §1765.1(b)(1)}.
- E. The insurer must currently hold a **license** to issue insurance policies (other than reinsurance) to residents of the jurisdiction that granted the license unless it has been granted an exemption {CIC §1765.1(e)(4)}.
- F. All documents filed must be complete, clear, comprehensible, unambiguous, accurate and consistent {CIC §1765.1(e)(1)}.
- G. The insurer must have an appointed California-licensed surplus line broker who has agreed to act as its **contact broker** to assist with the insurer's initial and subsequent regulatory filing responsibilities in California {CIC §1765.1(a)(1)}. A nonadmitted insurer may make its initial filing, annual renewal filings, and update filings directly with the CDI provided the insurer keeps its contact broker informed. It is recommended that the contact broker maintain a complete set of all such filings.

II. Document Filing Requirements

All required documents must be filed in accordance with the provisions of CIC §1765.1(c) and (d). All financial and certain non-financial documents must be <u>certified</u>, while several other required documents must be <u>verified</u>. For definitions of "certified" and "verified", refer to Section III of this Guide.

If any required document(s) is not available at the time of the insurer's filing, the insurer should provide an explanation why the document(s) was not included and an estimate as to when the document(s) will be made available to the CDI.

The filing requirements are slightly different for foreign (U.S. domiciled) and for alien (non-U.S. domiciled) insurers; hence, these requirements are addressed in separate sections.

A. Filing Requirements for Foreign (U.S. domiciled) Insurers

Foreign insurers must file each of the documents listed below (in quadruplicate, one original and three photocopies) in the initial application and, subsequent to their placement on the LESLI, at least annually as part of the annual renewal process or as an update filing:

- 1. **Annual Statement** of the insurer not older than 12 months, and prepared in the NAIC prescribed format {CIC §1765.1(c)(1)(A) & (D)(i)}. The Annual Statement must be certified and include all supplementary reports, exhibits, and schedules required by the NAIC including, but not limited to, Statement of Actuarial Opinion⁽¹⁾, Actuarial Opinion Summary, Reinsurance Attestation Supplement, Reinsurance Summary Supplemental (if applicable), Exhibit of Premiums & Losses for California Business, Management Discussion and Analysis, and Risk-Based Capital (RBC) Summary Report.
 - (1) Special Requirements for Pooled Companies: For an insurer that is a member of an intercompany pooling arrangement where there is one lead company that has 100% of the pooled business and the insurer has a 0% share of the pool, that insurer in the pool must submit a pooled opinion. Please refer to the NAIC Annual Statement Instructions for more details.
- 2. Audited Financial Report of the insurer, prepared by an independent certified public accountant or accounting firm ("CPA"), showing the insurer's condition as of a date not more than 12 months prior to submission {CIC §1765.1(c)(1)(B)}. The CPA must be in good standing with the American Institute of Certified Public Accountants in all states where the CPA is licensed to practice. The audited report must be prepared in accordance with statutory accounting practices prescribed, or otherwise permitted, by the insurance regulator of the insurer's domiciliary jurisdiction.
 - CIC §1765.1 requires Audited Financial Reports to be <u>certified</u>; however, the CDI will accept <u>verified</u> copies if certified copies are not available at the time of filing. The CDI expects to receive certified copies when they become available. Exhibit B is a specimen of such a verification statement that the Commissioner considers to be in compliance with the California Insurance Code.
- 3. A <u>certified</u> copy of the insurer's **current License or Certificate of Authority** issued by its domiciliary jurisdiction. The license should set forth the insurer's authority to issue the types of insurance it proposes to provide California consumers {CIC §1765.1(c)(2)}.

- 4. A Certificate of Good Standing, Certificate of Compliance, or other Equivalent Certificate issued by the insurer's domiciliary jurisdiction {CIC §1765.1(c)(2)}. If such certification is not available from its domiciliary jurisdiction or any other state where it is licensed, the insurer must provide a verified statement signed by a responsible executive or officer of the company. Exhibit D is a specimen of such a verification statement that the Commissioner considers to be in compliance with the California Insurance Code.
- 5. **Agent for Service of Process** appointed by the insurer to receive service of suits filed against the insurer. The Agent must be located in California. Information must include the Agent's full name, the name of the firm the Agent represents, business address, telephone and fax numbers where the agent can be reached during normal business hours {CIC §1765.1(c)(3)}.
- 6. **Principal Place of Business** of the insurer, including complete street address, mailing address, telephone and fax numbers {CIC §1765.1(c)(4)}.
- 7. An Explanation, Report, or other Statement as to the Insurer's Record Regarding Market Conduct and Consumer Complaints. Such report should be from the insurance regulatory office or official of the insurer's domiciliary jurisdiction and may be certified or verified {CIC §1765.1(c)(5)}.
 - If such report is not available from the insurer's domiciliary jurisdiction for the current filing year, or if the market conduct report is older than 12 months, then the insurer can provide a verified statement describing its own record regarding market conduct, and its own record of claims payment and treatment of policyholders.
- 8. **Regulatory Disclosure Statement.** A <u>verified</u> statement that discloses any currently known regulatory actions pending against the insurer or any affiliated entities {CIC §1765.1(c)(6)} for the current filing year. These regulatory actions include, but are not limited to, legal proceeding for receivership, conservation, liquidation, license revocation or suspension, or any other cease and desist order. If the insurer or any of its affiliates are subject to such proceedings, the statement must identify the proceeding by date, jurisdiction, and relief or sanction sought. Copies of any outstanding orders must also be attached to the statement.
 - For insurers who are not subject to any such actions, Exhibit A is a specimen of such a verified regulatory disclosure statement that the Commissioner considers to be in compliance with the California Insurance Code.
- 9. **Proposed Plan of Operation.** The insurer is required to provide its proposed **Plan of Operation** in California to assist the Commissioner in determining whether the insurer has the financial stability, reputation and integrity for the class of insurance it proposes to accept from surplus line brokers {CIC §1765.1(d)(1)}, and to ascertain that the insurer does not intend to offer in California products that violate CIC §1765.1(e)(6). The Plan should include the following information:

- a) A brief description of the products it intends to accept from California surplus line brokers.
- b) A list of all affiliated companies who are admitted in California, including any affiliate(s) applying for admission in this State.
- c) An explanation as to how the coverages offered by the nonadmitted insurer differ from those offered by affiliated insurers (if any) transacting business in California on an admitted or non-admitted basis.
- d) A brief description of the insurer's reinsurance program(s).

For new applicants, the insurer's business plan should also include: (1) three- to five-year written premium volume projections by line(s) of business, both nationwide (or worldwide) and in California; and (2) three- to five-year pro forma financial statements.

- 10. **Biographical Affidavits on the Officers and Directors** of the insurer {CIC § 1765.1(d)(1)}. If the insurer has filed these with the NAIC, they must also be filed in California.
- 11. **Latest Report of Examination** of the insurer issued by its domiciliary regulator. If the latest Report is not available at the time of the filing, the insurer must provide an explanation why it is not available, and an estimate as to when the latest Report should be made available {CIC §1765.1(c)(7)}. All copies must be certified.
- 12. List of Surplus Line Brokers Authorized to Issue Policies on Behalf of the Insurer {CIC §1765.1(c)(8)}. A surplus line broker(s) may issue policies on behalf of a nonadmitted insurer provided the broker(s) has a written authorization from the insurer, and that the policies follow the required form. The insurer is also required to provide the Commissioner with a list of those brokers who have been granted authorization.

If the insurer has not granted this authority to any broker, the insurer must submit a statement that indicates no broker has the authority to issue policies on the insurer's behalf.

13. **Quarterly Financial Statements** for the current year of the insurer if available at the time of the initial application. For LESLI listed companies, Quarterly Statements are normally filed as updates. {CCR §2174.3(a)(1)(A)(iv) and CIC §1765.1(d)(1)}

Quarterly Statements must be <u>certified</u> and filed as soon as they are available; however, the CDI will accept <u>verified</u> copies if certified copies are not available at the time of filing. The CDI also expects to receive certified copies when they do become available. Exhibit B is a specimen of such a verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

B. Filing Requirements for Alien (non-U.S. domiciled) Insurers

Alien insurers must file each of the documents listed below (in quadruplicate, one original and three photocopies) in the initial application and, subsequent to their

placement on the LESLI, at least annually as part of the annual renewal process or as an update filing:

1. **Financial Statement** of the insurer not more than 12 months old. If the insurer is registered with the NAIC IID (International Insurers Department), it must file a complete copy of its latest Standard IID Financial Reporting Format as filed with the NAIC {CIC §1765.1(c)(1)(A) & (E)}. This Report must include all the required schedules and exhibits including, but not limited to, Schedule of Premiums and Losses, IID Interrogatories, Schedule of Reinsurance Ceded, and Certification of Loss Reserves (wherein the actuarial certification should render on both the total gross reserves for the insurer as a whole as well as the gross U.S. surplus lines reserves for business written after January 1, 1998).

If the insurer is not registered with the NAIC IID, it must file a Financial Statement that has been prepared following the Standard IID Financial Reporting Format.

All copies of the financial statement must be <u>certified</u>; however, the CDI will accept <u>verified</u> copies if certified copies are not available at the time of filing. The CDI expects to receive certified copies when they do become available. Exhibit B is a specimen of such a verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

2. Audited Financial Report of the insurer, prepared by an independent licensed auditor in the insurer's domiciliary jurisdiction, showing the insurer's condition as of a date not more than 12 months prior to submission {CIC § 1765.1(c)(1)(B) & (E)}. The audited report must be prepared in accordance with either (i) Generally Accepted Auditing Standards that prescribe Generally Accepted Accounting Principles, or (ii) International Accounting Standards as published and revised from time to time by the International Auditing Guidelines published by the International Auditing Practice Committee of the International Federation of Accountants. The audit report must include financial statement notes and a summary of significant accounting practices.

All copies of the Audited Report must be <u>certified</u>; however, the CDI will accept <u>verified</u> copies if certified copies are not available at the time of filing. The CDI expects to receive certified copies when they become available. Exhibit B is a specimen of such a verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

- 3. U.S. Trust Agreement of the insurer {CIC §1765.1(c)(1)(C)(i)} prepared in accordance with the NAIC Standard Form Trust Agreement for Alien Excess or Surplus Lines Insurers (as amended January 1, 2007). All copies of the agreement must be certified. The Trustee/Bank may certify these agreements.
- 4. Most recent quarterly **Statement of Account or List of Assets in the Trust Account** {CIC §1765.1(c)(1)(C)(ii)}. This Statement, generally provided on a regular basis by the trustee bank, shows a list of the assets held in the insurer's trust account at the end of each quarter. The Statement must be <u>verified</u>. Exhibit B is a specimen of such a verification statement that the Commissioner considers to be in compliance with the

California Insurance Code.

5. A <u>certified</u> copy of the insurer's **current License or Certificate of Authority** issued by its domiciliary jurisdiction. The license should set forth the insurer's authority to issue the types of insurance it proposes to provide California consumers {CIC §1765.1(c)(2)}.

Each alien insurer must make every attempt to get a certified copy of its license issued by its domiciliary jurisdiction.

- 6. A Certificate of Good Standing, a Certificate of Compliance, or other Equivalent Certificate issued by the insurer's domiciliary jurisdiction {see CIC §1765.1(c)(2)}. If such certification is not available from its domiciliary jurisdiction, the insurer must provide a verified statement signed by a responsible executive or officer of the company. Exhibit D is a specimen of such a verification statement that the Commissioner considers to be in compliance with the California Insurance Code.
- 7. **Agent for Service of Process in California** appointed by the insurer to receive service of suits filed against the insurer. The Agent must be located in California. Information must include the Agent's full name, the name of the firm the Agent represents, business address, telephone and fax numbers where the agent can be reached during normal business hours {CIC §1765.1(c)(3)}.
- 8. **Principal Place of Business** of the insurer, including complete street address, mailing address, telephone and fax number {CIC §1765.1(c)(4)}.
- 9. An Explanation, Report, or other Statement as to the Insurer's Record Regarding Market Conduct and Consumer Complaints. Such report should be from the insurance regulatory office or official of the insurer's domiciliary jurisdiction and may be certified or verified {CIC §1765.1(c)(5)}.

If such report is not available from the insurer's domiciliary jurisdiction for the current filing year, or if the market conduct report is older than 12 months, then the insurer can provide a verified statement describing its own record regarding market conduct, and its own record of claims payment and treatment of policyholders.

10. **Regulatory Disclosure Statement.** A <u>verified</u> statement that discloses any currently known regulatory actions pending against the insurer or any affiliated entities {CIC §1765.1(c)(6)} for the current filing year. These regulatory actions include, but are not limited to, legal proceeding for receivership, conservation, liquidation, license revocation or suspension, or any other cease and desist order. If the insurer or any of its affiliates are subject to such proceedings, the statement must identify the proceeding by date, jurisdiction, and relief or sanction sought. Copies of any outstanding orders must also be attached to the statement.

For insurers who are not subject to any such actions, Exhibit A is a specimen of such a verified regulatory disclosure statement that the Commissioner considers to be in compliance with the California Insurance Code.

- 11. **Proposed Plan of Operation.** The insurer is required to provide its proposed **Plan of Operation** in California to assist the Commissioner in determining whether the insurer has the financial stability, reputation and integrity for the class of insurance it proposes to accept from surplus line brokers {CIC §1765.1(d)(1)}, and to ascertain that the insurer does not intend to offer in California products that violate CIC §1765.1(e)(6). The Plan should include the following information:
 - a) A brief description of the products it intends to accept from California surplus line brokers
 - b) A list of all affiliated companies who are admitted in California, including any affiliate(s) applying for admission in this State.
 - c) An explanation as to how the coverages offered by the nonadmitted insurer differ from those offered by affiliated insurers (if any) transacting business in California on an admitted or non-admitted basis.
 - d) A brief description of the insurer's reinsurance program(s).
 - e) Premiums written in California by line(s) of business.

For new applicants, the insurer's business plan should also include: (1) three- to five-year written premium volume projections by line(s) of business, both nationwide (or worldwide) and in California; and (2) three- to five-year pro forma financial statements.

- 12. **Biographical Affidavits on the Officers and Directors** of the insurer {CIC § 1765.1(d)(1)}. If these affidavits are filed in the insurer's home jurisdiction or elsewhere, they must also be filed in California.
- 13. List of Surplus Line Brokers Authorized to Issue Policies on Behalf of the Insurer {CIC §1765.1(c)(8)}. A surplus line broker(s) may issue policies on behalf of a nonadmitted insurer provided the broker(s) has a written authorization from the insurer, and that the policies follow the required form.

 The insurer is also required to provide the Commissioner with a list of those brokers who have been granted authorization.

If the insurer has not granted this authority to any broker, the insurer must submit a statement that indicates no broker has the authority to issue policies on the insurer's behalf.

14. **Quarterly or Half-yearly Results** for the current year, if available, should be included with the insurer's initial application. For LESLI listed companies, Quarterly or Half-yearly Results are normally filed as updates.

Quarterly or Half-yearly Results must be <u>certified</u> or <u>verified</u>, and filed as soon as they are available {CCR §2174.3(a)(1)(A)(iv) and CIC §1765.1(d)(1)}. Exhibit B is a specimen of such a verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

California Department of Insurance Eligibility and Filing Requirements for Surplus Line Insurers Page 9 of 14

III. Definitions of "Certified" and "Verified"

"Certified" – an originally signed or sealed statement, <u>dated not more than 60 days before</u> <u>submission</u>, made by a public official or other person (someone at the Department of Insurance of the Domiciliary jurisdiction), attached to a copy of a document, attesting that the copy is a true copy of the original, and that the original is in the custody of the person making the statement {CIC §1765.1(1)(1)}.

"Verified" – a document or copy accompanied by an originally signed statement, <u>dated not more than 60 days before submission</u>, from a responsible executive or official who has authority to provide the statement and knowledge whereof he or she speaks, attesting either under oath before a notary public, or under penalty of perjury under California law, that the assertions made in the document are true {CIC §1765.1(1)(11)}.

IV. Annual Renewal Requirements

To maintain their surplus line eligibility in California and to ensure continual compliance with the requirements of CIC §1765.1, LESLI listed companies are required to renew their eligibility status annually. This renewal process includes the filing of up-to-date versions of all the documents required under CIC §1765.1(c) & (d) along with a \$2,599 filing fee. {CIC §1765.1(i) and (j)}

Eligible insurers may incorporate most previously filed documents (except for the Market Conduct Information and Regulatory Disclosure Statement) into a current annual renewal package, provided there were no changes to the information in those documents. To incorporate a previously filed document(s) into a current annual filing, the insurer must: (1) Submit a verified statement that lists the document(s) previously provided to the CDI and affirm that there has been no change to the information contained in the previously filed document(s); and (2) Make a specific reference to the prior filing(s) in its current annual renewal filing. Exhibit C is a specimen of such verified statement that the Commissioner considers to be in compliance with the California Insurance Code.

Insurers may <u>not</u> incorporate a previously filed Market Conduct Report (or Market Conduct Information Statement) and a previously filed Regulatory Disclosure Statement into a current annual renewal filing, even if the information previously provided has not changed, since the information in these documents pertains to a specific period. Each year, a LESLI listed company is required to submit market conduct information pertaining to the current filing year obtained from its domiciliary jurisdiction. If such information is not available from its domiciliary jurisdiction, the insurer must then submit a verified statement describing its record of claims payment and treatment of policyholders for the current filing period.

A LESLI listed company is also required to submit a Regulatory Disclosure Statement, each year, stating whether the insurer or any of its affiliates is subject to regulatory actions. A standardized Regulatory Disclosure Statement acceptable by the Commissioner has been incorporated into Exhibit A for insurers who are not subject to any such actions.

California Department of Insurance Eligibility and Filing Requirements for Surplus Line Insurers Page 10 of 14

When to File: Annual renewal filings should be made on or before the anniversary of the insurer's LESLI approved date {CCR §2174.2(b)}; however, insurers do not have to wait until their LESLI anniversary date to make a filing. It is strongly recommended that insurers make their annual renewal filing as soon as all the required materials are available.

All applications, annual renewal and update filings must be filed with the CDI {CCR §2174.2(d)}. These filings may be made through the insurer's California contact broker or directly to the CDI, provided the insurer keeps its contact broker informed.

Where to File: All documents and fees must be sent to the CDI at the following address:

V. Update Filing Requirements

Whenever a LESLI listed insurer issues new or revised documents, such as the ones described in Section II, that cause any of those previously filed to become out-dated, then the insurer or its contact broker is required to file with the CDI the new, up-to-date version of the document, as soon as it becomes available {CCR § 2174.3(b)}, along with the appropriate filing fee. In addition, the CDI may request other information in order to make a complete assessment of an insurer's financial stability, reputation and/or integrity.

A. Foreign Insurers - Updated Filing Requirements:

Any new or updated versions of the documents described in Section II.A. must be filed in accordance with the provisions of CIC §1765.1 (e.g. financial documents must be <u>certified</u>). In addition, in order to make a complete assessment of an insurer's financial stability, reputation and/or integrity, the CDI reserves the right to request other information.

The following classifies the documents as financial, non-financial or supplemental information based on the required filing fee:

1. Updated Financial Document requiring a \$289 filing fee.

- (a) NAIC Annual Statement
- (b) Audited Financial Report
- (c) Report of Examination
- (d) NAIC Quarterly Statements

2. Updated Non-financial Document requiring a \$41 filing fee.

- (a) Certificate of Authority

- (e) Market Conduct Report
- (f) Regulatory Disclosure Statement
- (g) List of surplus line brokers authorized to issue policies
- (h) Any other <u>material change</u> (e.g. name change, domiciliary change, ownership change, etc.) involving operations

3. Updated Supplemental Information requiring a \$41 filing fee.

- (a) Proposed Plan of Operation
- (b) Biographical Affidavits on Officers & Directors

B. Alien Insurers - Updated Filing Requirements:

Any new or updated versions of the documents described in Section II.B. must be filed in accordance with the provisions of CIC §1765.1 (i.e. financial documents must be certified). In addition, in order to make a complete assessment of an insurer's financial stability, reputation and/or integrity, the CDI reserves the right to request other information.

The following classifies the documents as financial, non-financial or supplemental information based on the required filing fee:

1. Updated Financial Document requiring a \$289 filing fee.

- (a) Financial Statement/Standard IID Financial Reporting Format
- (b) Audited Financial Report
- (c) Quarterly or Half-Yearly Results

2. Updated Non-financial Document requiring a \$41 filing fee.

- (a) Certificate of Authority
- (b) Certificate of Good Standing or Compliance
- (c) Trust Agreement

- (j) Any other <u>material change</u> (e.g. name change, domiciliary change, ownership change, etc.) involving operations

3. Updated Supplemental Information requiring a \$41 filing fee.

- (a) Proposed Plan of Operation
- (b) Biographical Affidavits on Officers & Directors

VI. Suggested Dates for Filing Financial Documents

The CDI requires LESLI listed companies to file new, amended, or updated financial documents **as soon as they are available**, in accordance with the provisions of CIC §1765.1. Updated financial documents are generally available when they are due for regulatory filing with the insurer's domiciliary jurisdiction. Therefore, the CDI expects to receive the new financial documents no later than the dates specified below.
