**BULLETIN #1243**

**RE: EXPORT LIST**

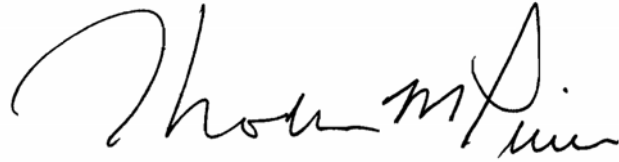

The California Department of Insurance (CDI) is planning to hold their annual public hearing on the Export List this fall. The date has not yet been determined. The hearing will discuss the coverage and risk categories that can be exported to insurance companies without having to conduct a diligent search of the admitted market as described in California Insurance Code Sections 1763 and 1763.1.

As you know, Surplus Line Brokers who make placements of surplus line policies for a California home state insured must ensure a diligent search of the admitted market and supervise or complete the SL-2 form (Diligent Search Report) which describes the diligent search that was conducted. While the diligent search may be performed by the Surplus line broker or retail producer, in either case, the surplus line broker is responsible to ensure that a search is made and a copy of the SL-2 form is filed with the SLA within 60 days of the placement of coverage. However, when executing policies for a California home state insured for coverage or risk categories that appear on the Export List (Sec. 1763.1), surplus line brokers are exempt from having to supervise or conduct the diligent search and thus do not need to complete SL-2 form nor include this information in their SLA filing. The Export List exemption from diligent search requirements is in addition to the new, commercial insured exemption. *See* California Insurance Code §§ 1760.1 (b) and 1763 (h) (1) to determine compliance with the placement requirements for the new commercial insured exemption.

If you have a suggestion for an addition to the Export List and can substantiate your claim that the added item is not available in the admitted market, the SL1 will submit testimony on your behalf to the CDI at the fall hearing. Your requested addition must be accompanied by supporting evidence substantiating the lack of an adequate or reasonable admitted market. Specifically, the evidence should provide first hand written testimony substantiating that the coverage or risk in question is generally unavailable in the admitted market. In addition, please provide written declinations from admitted carriers stating that they are unwilling to underwrite policies for a specific coverage or risk. The evidence must be of a compelling nature that gives the CDI assurances that the entire spectrum of California admitted carriers known for writing the same type of coverage or risk have been surveyed by the surplus line broker.

If you want the SLA to testify on your behalf, please forward the information described above to Ted Pierce, Executive Director, SLA. The SLA will issue a bulletin at least 30 days prior to the hearing listing the items proposed as additions to the List. Enclosed is a current copy of the Export List for your review.

Sincerely,

A handwritten signature in black ink, appearing to read "Ted Pierce". The signature is fluid and cursive, with a large initial "T" and a distinct "P" for "Pierce".

Ted Pierce  
Executive Director
