BULLETIN TO ALL MEMBERS:

RE: OFFICIAL LLOYD'S PRINTERS  
N.M.A. FORMS

The Stamping Office and Contact Committee, in its meeting of May 9th authorized the issuance of the following bulletin:

"It has recently come to our attention that certain printing firms are engaged in the printing of standard Lloyd's forms. The impression that might be gathered by Lloyd's underwriting offices is that these printing firms have received official blessings from the Underwriters and therefore are qualified to be regarded as official. This is not true, and we would point out to our members that it is incumbent upon them to check the wording of the form received from the printers against the official form received from the London Correspondent in order to insure that no typographical errors have occurred or any other mistakes made.

We are told unofficially that Lloyd's have approved a printer in Chicago and the question of approving an authorized printer in California is under discussion. We suggest that this matter be taken up with your London Broker if there is any question in your mind as to using firms locally for printed forms."
