BULLETIN #753

UNDERWRITERS AT LLOYD'S

The attached NAIC IID list replaces the list attached to Bulletin #752. It lists those current syndicates which have committed to the establishment of the required syndicate-specific trust funds for the 1996 account year. (Each year each syndicate must establish the appropriate trust fund.) For the convenience of members, we have added the name of the Managing Agent next to each syndicate.

We suggest that each California surplus line broker using Underwriters at Lloyd's begin discussions with their Lloyd's broker(s) so that syndicate numbers will be available in the event such numbers are requested in the future by the Department of Insurance.

A handwritten signature in black ink, appearing to read 'E. Clark', written in a cursive style.

Edgar S. Clark
Executive Director
