BULLETIN #846

RE: DEPARTMENT QUESTIONNAIRE ON Y2K COMPLIANCE

The California Department of Insurance has requested that the SLA distribute the [enclosed 7-page questionnaire \(479K\) \(PDF Format\)](#) to each Surplus Line Broker licensee. Enclosed is a letter from the Deputy Commissioner, Enforcement Branch, Mark A. Lowder explaining that the questionnaire is intended to determine if your brokerage operation is Year 2000 compliant. The Department considers this a very important consumer protection issue **and requires that each licensee complete and return this questionnaire by February 12, 1999 to the following address:**

Keith Kuzmich
Chief, Internal Audits Bureau
California Department of Insurance; Y2K Survey
300 Capitol Mall, Suite 1300
Sacramento, CA 95814

Failure to complete and return the questionnaire will result in further action by the Department and may jeopardize your license to do business in California.

Theodore M. Pierce
Executive Director
