BULLETIN #917

RE: Filing Requirement for Eligible Surplus Line Insurers in California

The following pertains to the Year 2001 filing requirements for nonadmitted insurers eligible to place surplus lines business in California.

To maintain its surplus line eligibility in California (i.e. to remain on the California List of Eligible Surplus Line Insurers), the nonadmitted insurer must submit specific information to ensure that the requirements of Insurance Code Section 1765.1 are maintained. These documents may be submitted to the California Department of Insurance ("CDI"), either as part of the insurer's annual renewal filing or as update filings.

For details of the filing requirements, please refer to the enclosed Filing Guide published by the CDI. There are no changes to the filing requirements for Year 2001; these requirements are the same as 2000.

Should you have any questions, please call Dale Wiseman at the CDI at (415) 538-4465, or contact me at (415) 434-4900.

DEPARTMENT OF INSURANCE45 FREMONT STREET
SAN FRANCISCO, CA 94105**CALIFORNIA ELIGIBILITY AND FILING REQUIREMENTS FOR SURPLUS LINE INSURERS**

Following the enactment of California Insurance Code ("CIC") §1765.1 (Senate Bill 959), effective January 1, 1995, the Insurance Commissioner must approve a nonadmitted insurer before the insurer is eligible for surplus line placement in California. The approval process requires the nonadmitted insurer to meet specific financial and operational standards, as well as submit certain financial and other information to the California Department of Insurance ("DOI") for review. Once the DOI determines that a nonadmitted insurer has met California's eligibility standards, the insurer is added to the List of Eligible Surplus Line Insurers ("LESLI"). Surplus line brokers may only make placements with nonadmitted insurers that appear on the LESLI, unless the placement qualifies under the GAP provisions of CIC §1765.1(k). GAP filings have their own requirements and are not addressed in this document. To ensure continued compliance with the requirements of CIC §1765.1, LESLI listed companies must continually provide the California DOI with more recent or amended financial documents and related information as soon as these become available.

This document summarizes the eligibility and filing requirements for nonadmitted insurers intending to operate or approved to operate as surplus line carriers in California. These requirements are specified in CIC §1765.1 and amended sections 2174.1-.4 of Title 10 California Code of Regulation ("CCR"). This Guide is intended to assist those who prepare regulatory filings for nonadmitted insurers; it is not all inclusive and does not supersede the actual language of the California surplus line laws and regulations. This guide is divided into the following sections:

- I Eligibility Requirements
- II Document Filing Requirements
 - A. Foreign Insurers
 - B. Alien Insurers
- III Definitions of "Certified" and "Verified"
- IV Annual Renewal Requirements
- V Update Filing Requirements
 - A. Foreign Insurers
 - B. Alien Insurers
- VI Suggested Dates for Filing Financial Documents
- VII Filing Fees Schedule
- VIII Other Requirements for All Filings
- Exhibit A Specimen – Verified Regulatory Disclosure Statement
- Exhibit B Specimen – Verified Statement to use when Certification is Unavailable
- Exhibit C Specimen – Verified Statement Incorporating Previously Filed Documents
- Exhibit D Specimen – Verified Statement to use when Certificate of Good Standing, Certificate of Compliance, or equivalent Certificate is Unavailable
- Exhibit E Document Checklists: Foreign and Alien

I. Eligibility Requirements

To be considered for placement on the LESLI, a nonadmitted insurer must make an initial application to the DOI and submit all the documents specified under CIC §1765.1(c) and (d), along with the appropriate filing fee. The required documents and applicable filing fee are detailed in Sections II and VII of this Guide, respectively. The documents filed in the initial application must demonstrate that the insurer meets the following standards:

- A. The insurer has established its **financial stability, reputation, and integrity** for the class of insurance the insurer proposes to place with California surplus line brokers {CIC §1765.1(a)(1)}.
- B. The insurer must maintain a minimum of **\$15 million in capital and surplus** at all times. The insurer must also have **\$15 million in assets acceptable** under the California Insurance Code {CIC §1765.1(a)(2)(A)}. Acceptable assets comprise essentially of cash and marketable securities; letters of credit are not acceptable assets.
- C. The insurer has actively transacted insurance for **at least three years** immediately prior to its application to become an eligible surplus line carrier {CIC § 1765.1(e)(3)}. An insurer may be exempted from the seasoning requirement if it qualifies for exemption under CIC §716 (a), (b), or (c).
- D. Alien insurers must have established an irrevocable **U.S. trust account** consisting of cash and marketable securities of no less than \$5.4 million at all times with a U.S. Federal Reserve System bank member {CIC §1765.1(b)(1)}. Letters of credit may be used to fund the trust account provided they are issued by a qualified U.S. financial institution.
- E. The insurer must hold a **license** to issue insurance policies (other than reinsurance) to residents of the jurisdiction that granted the license unless an exemption is granted {CIC §1765.1(e)(4)}.
- F. Materials filed are complete, clear, comprehensible, unambiguous, accurate and consistent {see CIC §1765.1(e)(1)}.
- G. The insurer has appointed a California licensed surplus line broker who has agreed to act as its sponsoring broker to assist with the insurer's initial and subsequent regulatory filing responsibilities in California {CIC §1765.1(a)(1)}. Nonadmitted insurers may make their initial filing, annual renewal filings, and update filings directly with the DOI provided the insurer keeps its sponsoring broker informed. It is also recommended that the sponsoring broker maintain a complete set of all such filings.

II. Document Filing Requirements

All required documents must be filed in accordance with the provisions of CIC § 1765.1(c) and (d). All financial and certain non-financial documents must be certified, while other required documents must be verified. For a definition of “certified” and “verified”, refer to Section III of this guide.

If any required document(s) is not available at the time of the insurer’s filing, the insurer should provide an explanation as to why the document(s) was not included and an estimated date the document(s) will be made available to the DOI.

The document filing requirements are slightly different for foreign (U.S. domiciled) and alien (non-U.S. domiciled) insurers, consequently, these requirements are addressed in separate sections.

A. Filing requirements for Foreign (U.S. Domiciled) Insurers

Foreign insurers must file each of the documents listed below (in quadruplicate) in the initial application and at least annually as part of the annual renewal process or an update filing:

1. **Annual Statement** of the insurer not older than 12 months, and prepared in the NAIC prescribed format {CIC §1765.1(c)(1)(A) & (D)}. The Annual Statement must be certified and include all supplementary reports, exhibits, and schedules required by the NAIC including, but are not limited to, the Actuarial Opinion, Page 15 for California Business, Management Discussion and Analysis, and Risk-Based Capital (RBC) Summary Report.
2. **Audited Financial Report** of the insurer, prepared by an independent certified public accountant or accounting firm (“CPA”), showing the insurer’s condition as of a date not more than 12 months prior to submission {CIC § 1765.1(c)(1)(B) & (D)}. The CPA must be in good standing with the American Institute of Certified Public Accountants in all states where the CPA is licensed to practice. The audited report must be prepared in accordance with statutory accounting practices prescribed, or otherwise permitted, by the insurance regulator of the insurer’s domiciliary jurisdiction.

CIC §1765.1 requires Audited Financial Report to be certified; however, the DOI will accept verified copies if certified copies are not available at the time of filing. The DOI also expects to receive the certified copies when they do become available. Exhibit B is a specimen of a verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

3. A certified copy of the insurer’s **current License or Certificate of Authority** issued by the insurer’s domiciliary jurisdiction. The license should set forth the insurer’s authority to issue the types of insurance it proposes to provide California

consumers {CIC §1765.1(c)(2)}.

4. **A Certificate of Good Standing, Certificate of Compliance, or other Equivalent Certificate** issued by the insurer's domiciliary jurisdiction {CIC §1765.1(c)(2)}. If such certification is not available from its domiciliary jurisdiction or any other state where it is licensed, the insurer must provide a verified statement signed by a responsible executive or officer of the company. Exhibit D is a specimen of such verification statement that the Commissioner considers to be in compliance with the California Insurance Code.
5. **Agent for Service of Process** appointed by the insurer to receive service of suits filed against the insurer. The Agent must be located in California. Information must include the Agent's full name, the name of the firm the Agent represents, business address, telephone and fax numbers where the agent can be reached during normal business hours {CIC §1765.1(c)(3)}.
6. **Principal Place of Business** of the insurer, including complete street address, mailing address, telephone and fax numbers {CIC §1765.1(c)(4)}.
7. **An Explanation, Report, or other Statement as to the Insurer's Record Regarding Market Conduct and Consumer Complaints.** Such report should be from the insurance regulatory office or official of the insurer's domiciliary jurisdiction and should describe the insurer's market conduct and consumer complaint history {CIC §1765.1(c)(5)}. This report may be certified or verified.

If such report is not available from the insurer's domiciliary jurisdiction, then the insurer can provide a verified statement describing its own record regarding market conduct, and its own record of claims payment and treatment of policyholders.

8. **Regulatory Disclosure Statement.** A verified statement that discloses any currently known regulatory actions pending against the insurer or any of its affiliates {CIC §1765.1(c)(6)}. These regulatory actions include, but are not limited to, legal proceeding for receivership, conservation, liquidation, license revocation or suspension, or any other cease and desist order. If the insurer or any of its affiliates are subject to such proceedings, the statement must identify the proceeding by date, jurisdiction, and relief or sanction sought. A copy of any outstanding orders must also be attached to the statement.

For insurers who are not subject to any such actions, Exhibit A is a specimen of a verified regulatory disclosure statement that the Commissioner considers to be in

compliance with the California Insurance Code.

9. **Proposed Products/Relationship with Admitted Insurer Affiliates.** The insurer is required to provide its proposed Plan of Operation in California to assist the Commissioner in determining that the insurer has the integrity for the class of insurance the broker proposes to place {CIC §1765.1(d)(1)} and, to ascertain that the insurer does not intend to offer in California products that violate CIC § 1765.1(e)(6). The Plan should include the following information:
- a) A brief description of the products it intends to offer California surplus line brokers.
 - b) A list of all affiliated companies who are admitted in California, including any affiliate(s) applying for admission in this State.
 - c) An explanation as to how the coverages offered by the nonadmitted insurer differ from the coverages offered by affiliated insurers admitted in California.

For new applicants, the insurer's Plan should also include three- to five-year written premium projections by lines of business, both nationwide (or worldwide) and in California.

10. **Biographical Affidavits on the Officers and Directors** of the insurer. If the insurer has filed these with the NAIC, they must be filed in California {CIC § 1765.1(d)(1)}.
11. **Latest Report of Examination** of the insurer issued by its domiciliary regulator. If the Report is not available at the time of the filing, provide an explanation as to why it is not available and when the latest Report should be available {CIC §1765.1(c)(7)}. All copies must be certified.
12. **List of Surplus Line Brokers Authorized to Issue Policies on Behalf of the Insurer** {CIC §1765.1(c)(8)}. Effective January 1, 1997 surplus line broker(s) may issue policies on behalf of a nonadmitted insurer provided the broker(s) has a written authorization from the insurer, and that the policies follow the required form. The insurer is also required to provide the Commissioner with a list of those brokers who were granted authorization.

If the insurer has not granted this authority to any broker, the insurer must submit a statement that indicates no broker has the authority to issue policies on the insurer's behalf.

13. **Quarterly Financial Statements** of the insurer, if available at the time of the initial application. After the initial filing, most Quarterly Statements are filed as updates (however, the first Quarterly Statement is often filed as part of the annual renewal process).

LESLI listed companies are required to file Quarterly Statements as soon as they are available {CCR §2174.3(a)(1)(A)(iv) and CIC §1765.1(d)(1)}. Quarterly Statements must be certified; however, the DOI will accept verified copies if certified copies are not available at the time of filing. The DOI also expects to receive certified copies when they do become available. Exhibit B is a specimen of such verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

Please note that the DOI requires a separate verified statement attached to each financial statement, even if the jurat page of the financial statement contains the insurer's officers' wet signature.

B. Filing Requirements for Alien (non-U.S. domiciled) Insurers

Alien insurers must file each of the documents listed below (in quadruplicate) in the initial application and at least annually as part of the annual renewal process or an update filing:

1. A **Financial Statement** of the insurer not more than 12 months old. If the insurer is registered with the NAIC IID (International Insurers Department, formerly NAIIO), it must file a complete copy of the latest Standard IID Financial Reporting Format as filed with the NAIC {CIC § 1765.1(c)(1)(A) & (E)}. This Report must include all the required schedules and exhibits including, but is not limited to, Schedule of Premium and Losses, IID Interrogatories, Schedule of Reinsurance Ceded, and Certification of Loss Reserves (signed by an actuary, who is a member of a recognized professional actuarial body).

If the insurer is not registered with the NAIC IID, it must file a Financial Statement that has been prepared following the Standard IID Financial Reporting Format.

All copies of the financial statement must be certified; however, the DOI will accept verified copies if certified copies are not available at the time of filing. The DOI also expects to receive certified copies when they do become available. Exhibit B is a specimen of such verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

2. **Audited Financial Report** of the insurer, prepared by an independent licensed auditor in the insurer's domiciliary jurisdiction, showing the insurer's condition as of a date not more than 12 months prior to submission {CIC § 1765.1(c)(1)(B) &

(E)}. The audited report must be prepared in accordance with either (i) Generally Accepted Auditing Standards that prescribe Generally Accepted Accounting Principles, or (ii) International Accounting Standards as published and revised from time to time by the International Auditing Guidelines published by the International Auditing Practice Committee of the International Federation of Accountants. The audit report must include financial statement notes and a summary of significant accounting practices.

All copies of the Audited Report must be certified; however, the DOI will accept verified copies if certified copies are not available at the time of filing. The DOI also expects to receive certified copies when they do become available. Exhibit B is a specimen of such verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

3. **Trust Agreement** of the insurer {CIC § 1765.1(c)(1)(C)(i)} prepared in accordance with the NAIC Standard Form Trust Agreement for Alien Excess or Surplus Lines Insurers (as amended March 1998). All copies of the agreement must be certified. The Trustee/Bank may certify these agreements.
4. Most recent quarterly **Statement of Account or List of Assets in the Trust Account** {CIC § 1765.1(c)(1)(C)(ii)}. This Statement, which is generally provided on a regular basis by the trustee bank, shows a list of the assets held in the insurer's trust account at the end of each quarter. The Statement must be verified. Exhibit B is a specimen of a verification statement that the Commissioner considers to be in compliance with the California Insurance Code.
5. A certified copy of the insurer's current **License or Certificate of Authority** issued by the insurer's domiciliary jurisdiction. The license should set forth the insurer's authority to issue the types of insurance it proposes to provide California consumers {CIC § 1765.1(c)(2)}.

Alien insurers must make every attempt to get certified copies of their license issued by their domiciliary jurisdiction.

6. A **Certificate of Good Standing, a Certificate of Compliance, or other Equivalent Certificate** issued by the insurer's domiciliary jurisdiction {see CIC § 1765.1(c)(2)}. If such certification is not available from its domiciliary jurisdiction or any other state where it is licensed, the insurer must provide a verified statement signed by a responsible executive or officer of the company. Exhibit D is a specimen of such verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

7. **Agent for Service of Process in California** appointed by the insurer to receive service of suits filed against the insurer. The Agent must be located in California. Information must include the Agent's full name, the name of the firm the Agent represents, business address, telephone and fax numbers where the agent can be reached during normal business hours {CIC §1765.1(c)(3)}.
8. **Principal Place of Business** of the insurer, including complete street address, mailing address, telephone and fax number {CIC §1765.1(c)(4)}.
9. **An Explanation, Report, or other Statement as to the Insurer's Record Regarding Market Conduct and Consumer Complaints.** Such report should be from the insurance regulatory office or official of the insurer's domiciliary jurisdiction, and should describe the insurer's market conduct and consumer complaint history {CIC §1765.1(c)(5)}. This report may be certified or verified.

If such report is not available from the insurer's domiciliary jurisdiction, then the insurer can provide a verified statement describing its own record regarding market conduct, and its own record of claims payment and treatment of policyholders.

10. **Regulatory Disclosure Statement.** A verified statement that discloses any currently known regulatory actions pending against the insurer or any of its affiliates {CIC §1765.1(c)(6)}. These regulatory actions include, but are not limited to, legal proceeding for receivership, conservation, liquidation, license revocation or suspension, or any other cease and desist order. If the insurer or any of its affiliates are subject to such proceedings, the statement must identify the proceeding by date, jurisdiction, and relief or sanction sought. A copy of any orders must also be attached to the statement.

For insurers who are not subject to any such actions, Exhibit A is a specimen of a verified regulatory disclosure statement that the Commissioner considers to be in compliance with the California Insurance Code.

11. **Proposed Products/Relationship with Admitted Insurer Affiliates.** The insurer must provide its proposed Plan of Operation in California to assist the Commissioner in determining the insurer has the integrity for the class of insurance the broker proposes to place {CIC §1765.1(d)(1)} and, to ascertain that the insurer does not intend to offer in California products that violate CIC §1765.1(e)(6). The Plan should include the following information:

- a) A brief description of the products it intends to offer California surplus

line brokers.

- b) A list of all affiliated companies who are admitted in California, including any affiliate(s) applying for admission in this State.
- c) An explanation as to how the coverages offered by the nonadmitted insurer differ from the coverages offered by affiliated insurers admitted in California.

For new applicants, the insurer's Plan should also include a three- to five-year premium volume projections by lines of business, both nationwide (or worldwide) and in California.

12. **Biographical Affidavits on the Officers and Directors** of the insurer {CIC § 1765.1(d)(1)}, if these affidavits are filed in the insurer's home jurisdiction or elsewhere.

13. **List of Surplus Line Brokers Authorized to Issue Policies on Behalf of the Insurer** {CIC §1765.1(c)(8)}. Effective January 1, 1997, surplus line broker(s) may issue policies on behalf of a nonadmitted insurer provided the broker(s) has a written authorization from the insurer, and that the policies follow the required form. The insurer is also required to provide the Commissioner with a list of those brokers who were granted authorization.

If the insurer has not granted this authority to any broker, the insurer must submit a statement that indicates no broker has the authority to issue policies on the insurer's behalf.

14. **Quarterly or Half-Yearly Results** if available, should be included with an initial application {CCR §2174.3(a)(2)(A)(iii) and CIC §1765.1(d)(1)}. Quarterly Statements must be certified; however, the DOI will accept verified copies if certified copies are not available at the time of filing. The DOI also expects to receive certified copies when they do become available. Exhibit B is a specimen of such verification statement that the Commissioner considers to be in compliance with the California Insurance Code.

III. Definitions of “Certified” and “Verified”

“Certified” – an originally signed or sealed statement, dated not more than 60 days before submission, made by a public official or other person (someone at the Department of Insurance of the Domiciliary jurisdiction), attached to a copy of a document, attesting that the copy is a true copy of the original, and that the original is in the custody of the person making the statement {CIC §1765.1(l)(1)}.

“**Verified**” – a document or copy accompanied by an originally signed statement, dated not more than 60 days before submission, from a responsible executive or official who has authority to provide the statement and knowledge whereof he or she speaks, attesting either under oath before a notary public, or under penalty of perjury under California law, that the assertion made in the document is true {CIC §1765.1(l)(11)}.

IV. Annual Renewal Requirements

To maintain its surplus line eligibility in California, LESLI listed companies are required to renew their eligibility status annually to ensure continual compliance with the requirements of CIC §1765.1. This renewal process includes the filing of up-to-date versions of all required documents under CIC §1765.1(c) & (d) along with a **\$2,250 filing fee** {CIC § 1765.1(i) and (j)}.

Eligible insurers may incorporate most previously filed documents (except for the Market Conduct Information and Regulatory Disclosure Statement) into a current annual renewal package, provided there were no changes to the information in those documents. To incorporate a previously filed document(s) into a current annual filing, the insurer must: (1) Submit a verified statement that lists the document(s) previously filed and affirm that there has been no change to the information in that previously filed document(s); and (2) Make a specific reference to the prior filing(s) in its current annual renewal filing. Exhibit C is a specimen of such verified statement that the Commissioner considers to be in compliance with the California Insurance Code.

However, insurers may not incorporate previously filed Market Conduct Information and the Regulatory Disclosure Statement into a current annual renewal filing, even if the information previously filed has not changed. These documents pertain to a specific period, and need to be restated and dated each year.

The standardized Regulatory Disclosure Statement that the Commissioner considers acceptable has been incorporated into Exhibit C (revised as of February 22, 2000). In regards to the Market Conduct Information, each year, insurers are required to submit this information obtained from its domiciliary jurisdiction pertaining to the current filing year. If such information is not available from the domiciliary jurisdiction, then the insurer must submit a verified statement describing its own record of claims payment and treatment of policyholders for the current filing period.

When to File: Annual renewal filings should be made on or before the anniversary of the insurer’s LESLI approved date {CCR § 2174.2(b)}. However, insurers need not wait until their LESLI anniversary date to make their annual renewal filing; it is strongly recommended that insurers make their annual renewal filing as soon as all the materials required are available.

Where to File: Annual renewal filings must be filed with the DOI {CCR § 2174.2(d)}. These filings may be made through the insurer's sponsoring broker or directly to the DOI (provided the insurer keeps its sponsoring broker informed). All documents and fees must be sent to the following address:

Surplus Line Enforcement Unit

V. Update Filing Requirements

Whenever a previously filed document described in Section II has a change that causes it to become out-dated, the LESLI listed insurer or the sponsoring broker is required to file the new, up-to-date version of the document as soon as it becomes available {CCR § 2174.3(b)} and the appropriate filing fee with the DOI. In addition, the DOI may request other information in order to make a complete assessment of an insurer's financial stability, reputation and/or integrity.

A. Foreign Insurers - Update Filing Requirements:

Any new or updated version of the documents described in Section II A must be filed in accordance with the provisions under CIC §1765.1 (e.g. Financial Documents must be certified). These documents are classified as financial, non-financial, and supplemental information based on their required filing fee.

1. **Financial Document updates** require a **\$250 filing fee.**
 - (a) NAIC Annual Statement
 - (b) Audited Financial Report
 - (c) Report of Examination

(d) NAIC Quarterly Statements

2. **Non-financial Document updates** require a **\$35 filing fee.**

- (a) Certificate of Authority
- (b) Certificate of Good Standing or Compliance
- (c) Agent for Service of Process
- (d) Principal Place of Business
- (e) Market Conduct Report
- (f) Regulatory Disclosure Statement
- (g) List of surplus line brokers authorized to issue policies
- (h) Any other material change (e.g. name change, domiciliary change, or ownership change) which may affect the operations of the insurer.

3. **Supplemental Information updates** requires a **\$35 filing fee.**

- (a) Plan of Operation/California Business Plan
- (b) Biographical Affidavits on Officers & Directors

B. Alien Insurers - Update Filing Requirements

Any new or updated version of the documents described in Section II B must be filed in accordance with the provisions under CIC §1765.1 (i.e. Financial Documents must be certified). These documents are classified as financial, non-financial, and supplemental information based on their required filing fee. In addition, the DOI may request other information in order to make a complete assessment of an insurer's financial stability, reputation and/or integrity.

1. **Financial Document updates** require a **\$250 filing fee.**

- (a) Financial Statement/Standard IID Financial Reporting Format
- (b) Audited Financial Report
- (c) Quarterly or Half-Yearly Results

2. **Non-financial Document updates** require a **\$35 filing.**

- (a) Certificate of Authority
- (b) Certificate of Good Standing or Compliance
- (c) Trust Agreement
- (d) Statement of Trust Assets
- (e) Agent for Service of Process
- (f) Principal Place of Business
- (g) Market Conduct Report
- (h) Regulatory Disclosure Statement
- (i) List of surplus line brokers authorized to issue policies
- (j) Any other material change (e.g. name change, domiciliary change, or ownership change) which may affect the

operations of the insurer.

3. **Supplemental Information updates** requires a **\$35 filing fee**.

- (a) Plan of Operation/California Business Plan
- (b) Biographical Affidavits on Officers & Directors

VI. Suggested Dates for Filing Financial Documents

California requires LESLI listed companies to file new, amended, or updated financial documents **as soon as they are available** and are in compliance with the provisions of CIC §1765.1. Updated financial documents are generally available when they are due for regulatory filing with the insurer’s domiciliary jurisdiction. Therefore, the DOI expects to receive the new financial documents no later than the dates specified below.
