**BULLETIN #1444**

**Re: Fraud Component Required In Ethics Courses, Effective March 1, 2023**

The California Department of Insurance (CDI) recently approved revisions to required ethics courses that mandate one hour of agents' and brokers' anti-fraud training to be included in those courses, effective March 1, 2023. The added hour of anti-fraud training will not extend the courses by an hour, but will replace one hour of content previously included in those courses.

The Surplus Line Association of California, going forward, will include the mandated hour of anti-fraud training within its continuing education courses on ethics.
